

Low Level – Counting (1–50)

Counting Numbers (1–50)

Counting means saying numbers in order.

◆ Forward Counting (1 to 50)

1, 2, 3, 4, 5, 6, 7, 8, 9, 10

11, 12, 13, 14, 15, 16, 17, 18, 19, 20

21, 22, 23, 24, 25, 26, 27, 28, 29, 30

31, 32, 33, 34, 35, 36, 37, 38, 39, 40

41, 42, 43, 44, 45, 46, 47, 48, 49, 50

◆ Each number increases by 1.

2 Counting Objects

When we count objects, we say one number for each object.

Example 1:

Count them one by one:

★ 1

★ 2

★ 3

★ 4

★ 5

✓ Total stars = 5

Example 2:

Count:

1, 2, 3

✓ Total apples = 3

3 Before and After Numbers

◆ What Comes After?

The number that comes next.

Example:

After 9 → 10

After 24 → 25

After 49 → 50

Rule: Add 1

◆ What Comes Before?

The number that comes just before.

Example:

Before 9 → 8

Before 30 → 29

Before 50 → 49

Rule: Subtract 1

4 Practice Questions

What comes after 15?

What comes before 22?

Count: ★★☆☆

What comes after 39?

What comes before 1?

Answers:

16

21

4

40
